

Project Testing

EduGenie – AI-Powered Learning Assistant

Performance Testing

Testing Approach

- Test each major feature with suitable student inputs.
- Verify that answers are clear and easy to understand.
- Check quiz generation and learning-path output.
- Test text summarization for useful, concise bullet points.
- Check API-key validation and error handling.
- Verify that empty Gemini responses are handled safely.

Testing Checklist

Feature	Status
Q&A	Done
Concept Explanation	Done
Quiz Generator	Done
Text Summarizer	Done
Learning Path	Done
Gemini Connection	Done
